Offshore Energy Magazine

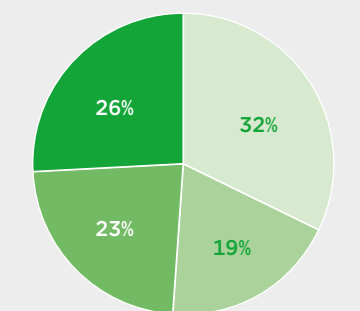

Offshore Energy Magazine is a high quality magazine for the Benelux market with in-depth articles. The magazine focuses on the maritime and offshore energy industries. The two are intertwined. The offshore industry cannot fulfil their ambitions without the expertise of the maritime sector.

On the other hand, operators in the offshore energy industry create markets that make maritime innovation and growth possible. The goal is to creates awareness among C-level decision makers.

Branded Content

Engaging your audience works best if you share honest and interesting stories. This could be based on project experience, innovation paths or market developments. Taking your potential customer along in the story how you came to developing this particular solution shows expertise, customer care and confidence; values any company benefits from.

Reach thousands offshore energy professionals with an Branded Content article. Explain what challenges the market faces, that can be solved with a different solution or angle (without focusing on your product/service).
